Charlie Phillips
Chief Executive

QRC’s vision is to equip graduates with the skills and confidence to become the employees of first choice.

What better place to study Hospitality and Tourism than in a location that hosts more than 2 million visitors a year.

Many New Zealanders underestimate the strategic importance and contribution Tourism has in relation to the country’s economic growth, for example:

• Tourism employs 12% of the workforce – Tourism is our largest industry
• Tourism makes up 21% of New Zealand’s total exports

QRC has an important role in developing the workforce and management capability of the sector. To date we have been highly successful – the key to this success is the culture. All staff want to make a difference and all students want to learn. We are constantly looking at ways to develop and improve.

Learning in a professional environment, achieving an outcome and enjoying the experience are our main objectives.

Hospitality Management, Adventure Tourism Management and Cookery students are provided with a uniform which reflects the highest industry standards. The professional appearance sets the tone for expectations around individuals taking responsibility for their own personal brand.

Own it.

QRC’s Professional Excellence (PE) system refers to the College’s high standards of personal and professional conduct. Encompassing attendance, communication, grooming and respect, the system encourages students to take responsibility for their personal brand. As part of the PE system students are provided with uniforms that reflect the highest industry standards.

The PE system has been developed to encourage students to achieve the level of professionalism expected by the industry. Students commence each term with the maximum score of 100 PE points. Ideally, this score is maintained by consistently demonstrating a high level of professionalism. Incidents of unprofessional behaviour or behaviour that breaches College guidelines will be reported to the Programme Leader and incur a loss of PE points. If the student’s mark comes close to the fail mark of 69 points, they will need to meet with the Programme Leader and put in place strategies to improve. A lack of improvement could result in suspension from the College.

As part of the PE system students are also actively encouraged to get involved in their community and are provided with a number of exciting volunteer opportunities at local events. Graduate Diploma and Foundation Year students are not subject to the PE system but will still be expected to display a high standard of professionalism and conduct.
Graduate Outcomes

Industry highly regard the quality of the QRC graduates because they show the skills and aptitudes required to work in the hospitality and adventure tourism sectors. This is supported with a very strong graduate employment rate of 93 per cent employed within three months of completion of the programme.
